

Adobe Security Updates

Adobe has issued updates to address vulnerabilities affecting some of the products that could be exploited by remote attacker thereby enabling the attacker to gain full access to an affected system.

Affected products are; Adobe Photoshop CC Adobe Acrobat and Reader, Adobe Experience Manager, Adobe Flash Player, and Adobe Creative Cloud Desktop Application.

CERTT.NG encourages users and administrators to review Adobe Security Bulletin in the links below and apply necessary updates.

Security updates available for Adobe Photoshop CC | APSB18-28
