

NCA-200223-01

SAFETY MEASURES FOR A CASHLESS ECONOMY

- 1. Never visit an online banking or shopping website by clicking on links received in an unsolicited email or text message.**
- 2. Download online payment apps only from official stores such as Google Play and Apple Store.**
- 3. Pay close attention to permissions on these apps and read its users' reviews.**
- 4. Never give out your banking information (such as card number, CVV number, PIN etc.) to strangers over the phone or via text messages.**
- 5. Ensure you use two-factor authentication for your online banking transactions.**
- 6. Use strong passwords for online banking and payment accounts.**
- 7. Do not use free, insecure Wi-Fi networks for financial transactions.**
- 8. Install a multilayered antivirus solution.**
